Meeting in SPD between Corps, DWR et al had following high points:

Dwr very happy with 404 10 408;

Gov brown wants construction of intakes and tunnel in 2015, not 2017; we will work out schedule to see if at all possible; dwr still thing ROD will be done in 9 months or less; Paul R. Will coordinate more with SPK; dwr feels three things very important: BDCP, Yolo bypass/ fremont weir, and a new south delta bypass on paradise cut vicinity.

First we ever heard south delta bypass as anything being seriously considered.
